Training and equipping evangelical Christian pilots for missionary service.

Celebrating the Best News of All Time - the Gift of Jesus!

And the angel said to her, "Do not be afraid, Mary, for you have found favor with God. And behold, you will conceive in your womb and bear a son, and you shall call His name Jesus." ... And she gave birth to her firstborn son and wrapped Him in swaddling cloths and laid Him in a manger, because there was place for them in the inn. And in the same region there were some shepherds out in the field, keeping watch over their flock by night. And an angel of the Lord appeared to them, and the glory of the Lord shone around them, and they were filled with great fear. And the angel said to them, "Fear not, for behold, I bring you good news of a great joy that will be for all the people. For unto you is born this day in the city of David a Savior, who is Christ the Lord. And this will be a sign for you: you will find a baby wrapped in swaddling cloths and lying in a manger." And suddenly there was with the angel a multitude of the heavenly host praising God, and saying, "Glory to God in the highest, and on earth peace among those with whom he is pleased."

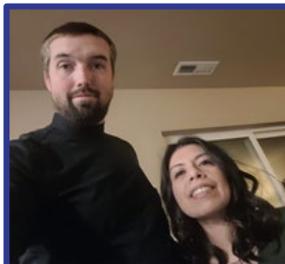

(Luke 1:30-31 and 2:7-14)

Our Family News Update

- * Our son Judson continues his profession of ASE (Automotive Service Excellence, a nationally recognized certification) Master Mechanic, as one of the most senior mechanics with a local repair shop in Ballard, Seattle. He enjoys traveling, exploring, and spending time with family. He recently purchased a pickup truck, *older* than he is, for personal use. The model & year of his truck are the same as the truck featured in the movie "Back to the Future", and it is considered to be a collector's item. We are all enjoying this wonderful novelty.
- * Our son Graham and his wife Paulina are continuing to establish their home in north Edmonds which they had built in 2023. Graham is doing really well in his profession an HVAC-R technician (Heating, Ventilation, Air Conditioning, and Refrigeration). He often has interesting stories of repairing critical infrastructure for many businesses in Seattle and its suburbs. Some businesses have HVAC equipment going back almost a hundred years! Paulina is helping the senior community working with a business that provides seniors with needed transportation. She enjoys working with kids at church, going to the gym, and community events and activities which our grandkids also get to experience.
- * Our granddaughter Esmeralda is a senior in high school and is busy filling out applications to schools and colleges that offer advanced education in the culinary arts. She has a great sense of humor and loves ice skating, music, reading, and watching shows with her dad.
- * Our granddaughter Quinn is in the third grade and loves Art and P.E. She loves games and has a love of learning and a heart of compassion. She recently became a sponsor with Compassion International (with our help) for Silia, a girl her age who is living in poverty in Indonesia.
- * Our grandson Peter is in the first grade. He loves video games, Lego, and the active games they play at the Christian club AWANA. He is growing up fast, and it is a joy to watch him learn how to read and love his Bible.
